NUMBER 39.

A Great Difference.

There is a mighty big difference between Blanke's Coffee and other kinds. Blanke's Coffee is always good, always delicious. Other brands are sometimes good, but generally bad. There isn't much difference in the price, though. Blanke's Coffee costs 35c a pound, and I'm the only grocer in Keytesville who sells it. I give people their money back if they do not like it. Do you know of anybody else in town who does business that way?

I Keep a Grocery

That IS a grocery. I have in stock the best of everything that is intended to eat. A good many people buy Heinz's Sweet Mixed Pickles. I want to get still more customers for those pickles. It costs nothing to come and get a free sample. A baking powder that I can recommend is the High Grade Baking Powder. When you buy Candy, you might as well buy Blanke & Bro's. It costs about the same as the poor kinds.

The next time you run out of Tea, try my Grocery. The next time you need a basket of Grapes, see if I can't suit you to a "t."

S. M. White,

KEYTESVILLE, MO.

Did you know that I keep ammunition—powder and shot?

Some Grocers

talk a good deal about their "pure food," but I want to say that I keep the VERY BEST to be had in the grocery line, have the neatest grocery store in Keytesville and sell groceries at ROCK BOTTOM PRICES.

Coffee.

I handle Woolson Spice Co.'s celebrated brands of coffee, which I sell at from 25 to 40 cts a pound. You can find none BETTER.

A Fact.

It is also a fact that my stock of groceries is complete in every other department and I most respectfully solicit a share of your patronage.

Delicious.

You will find my Pioneer Sap Maple Syrup and Aunt Jemima Pancake Flour a delicious "finisher" for your breakfast.

Come and see me.

Yours Truly,

SWAIN, the Grocer,

KEYTESVILLE, MO.

Wedding Bells.

HURT-McFARLAND:—Mr. Guy Hurt, of near Shannondale, and Miss Leda McFarland were married at the home of the bride's parents on Wednesday evening, October 23rd, Rev. C. K. Shilling, officiating.

The attendants were Heber Hayes, cousin to the bride-groom, and Miss Mattie Finnell, cousin to the bride. The wedding was a quiet, home affair, only a few of the near relatives and friends of the couple being present. The bride-groom is a rustling young farmer, a son of the late Congreve Hurt, and a grand-son of the late Daniel J. Hayes, and nephew of Mesdames L. E. Cook and L. D. Applegate, of Keytesville.

The bride is the youngest daughter of that sturdy and well-to-do farmer, Mr. J. J. McFarland, of four miles southeast of Keytesville, and is a young lady of bright mind, pretty face and cultured refinement.

The COURIER extends congratulations to the happy young voyagers on the sea of life. May the voyage to them be a perpetual calm of serenity and unalloyed bliss.

SHIRE-PAGE:—Mr. Eli Shire and Miss Jennie Page, a popular Salisbury young couple, were married, in that city, on Sunday evening, Oct. 20th, Justice C. W. Bell wedding the golden links which united their destinies. The COURIER takes much pleasure in extending congratulations.

That Wrestling Match.

The wrestling match announced in last week's COURIER to take place at Indian Grove on last Saturday, between F. J. Ellis, of Guthridge Mills, and H. C. Atterbury, of Mendon, came off according to arrangements and resulted in a victory for Atterbury, Mendon's muscular blacksmith.

A crowd of 300 or 400 people had gathered to witness the contest, and considerable interest was manifested and several side bets were indulged in by the local sports.

The match was for \$50 a side or a purse of \$100. In speaking of the affair, Mr. Atterbury said: "I will say that Mr. Ellis is a gentleman, and took his medicine like a man."

Mr. Atterbury is no "blow," but if there is a man in Chariton county who is "aching" for a tussle, and will put up a little of the "hot stuff" on the match, we believe he can be accommodated by applying to the above named gentleman at Mendon.

aged 62, of near in the northeast part of town, when they came to a sudden halt through the heroism of Miss Maggie Stacy, who met the team, jumped out of her buggy and vigorously waved her cloak at the horses. They turned into a corner of the fence and stopped, when this thoughtful and brave young lady had no further trouble in capturing them. We understand one of the wagon wheels was broken, but no other serious damage resulted.

Willie Christopher, a respectable colored man of Keytesville, has been quite ill for a week past of pneumonia.

W. B. Wolfkill, a prominent Slater liveryman, was in Keytesville last Saturday on business.

Keytesville Public School Library.

What shall be done concerning the Keytesville Public School library? It is in a very dilapidated condition, many of the books are missing, others worn and worthless. In fact there are so few books intact, it can scarcely be called a library.

Good books properly used may potent factors of infinite benefit to the child. Shall we make an effort to resurrect a new library from the few old books on hands as a nucleus? Will the patrons and friends of the children aid us in the effort?

On Friday last evening, Oct. 19th, 1895, at the teachers faculty meeting, the following action was taken: A. F. Willis, A. E. Hurt and Miss Carrie Willett was appointed a committee to examine the books of the Keytesville Public School library, make new list, classify and arrange, note the number and name of missing ones, and report the condition of books, fixtures and furniture.

Also Misses Anne Grinstead, Willie Davis and Nettie M. Moore were appointed to draft rules for the use, care and keeping, loaning and returning, fines and penalties, and purchases. Regulating fees for membership, election of officers, soliciting aid and memberships, and present said rules to the faculty at next meeting.

Would it not be well to appoint a committee from among the citizens to aid in this work?

C. W. Price made our sanctum a pleasant call last Saturday, and while here related the following incident: While gathering apples on E. B. Coleman's farm, four miles south of Keytesville, a few days ago, he found a tag on one of the limbs, near the center of a wise sap tree, that was on the tree when it was set out in 1875. The writing was as legible on the tag as when the tree was planted. The bark had nearly overgrown the tag, which is still hanging by a small wire. The tag was left there for the curious to look at as they may desire.

The Banking business at Brunswick must be good, as J. A. Merchant, the affable cashier of the Chariton County Exchange bank, is building an addition to his already roomy domicile, and M. H. Norton, the genial, auburn-haired, plush-voiced cashier of the First National bank, has let the contract for a brand new residence.

Who can beat 45 barrels (225 bushels) of corn raised on three acres of land? This is what C. W. Price gathered on land belonging to E. B. Coleman, four miles southeast of town. Mr. Price's corn was only cultivated once and that with a double-shovel plow.

There was a law passed by the last legislature requiring that hogs that die of cholera be buried from three to four feet under the ground. The law is a good one and ought to be strictly enforced. The punishment for its violation consists of a \$100 fine.

Cards were printed at this office last Saturday announcing the marriage of Wm. G. Miller to Miss Lizzie E. Ewing, a worthy young colored couple of this city, to take place on Nov. 6th, at the Second Baptist church, in Keytesville.
